About the Speakers 講者簡介:

Mr Dietmar Glaeser, Head of Light & Consumer Electronics, VDE Testing and Certification Institute

Dietmar Gläser is the head of the category light and consumer electronics of VDE Institute GmbH, a testing and certification institute with a technological leadership role in matters of testing competency. He heads a global team of about 40 test engineers in different countries (China, Germany, Japan, Korea, Taiwan) providing support for global issues according to questions of testing and certification for products of lighting and consumer electronics.

After he graduated in 1991 with a diploma in technical engineering (electro technology, specialized field: lighting technology) from the technical University Illmenau, Mr Gläser gained vast work experience lighting industry. He has held various positions such as light planner, test engineer, consultant, managing director and business developer in the lighting industry in the past 20 years and is an industry expert for lighting.

Mr Carl Bloomfield, Global Business Line Director, Intertek

Carl is currently the Global Business Line Director for the Lighting industry at Intertek. In this role Carl is responsible for the development and expansion of Intertek's services within this industry. He is based in Intertek's Arlington Heights, IL facility.

Carl has been with Intertek for over 17 years and holds an Electrical Engineering degree from the University of Florida. Carl has been involved in the testing of lighting products throughout his career at Intertek and has represented Intertek on various standards technical committees focused on the testing and certification requirements for lighting products. Carl's responsibilities require him to be aware of current and pending global requirements for lighting products. In addition to being on various industry standards technical committees, Carl is also presently an active member of:

American Lighting Association (ALA)
Illuminating Engineering Society (IES)
DesignLights Consortium (DLC)
EPA ENERGY STAR® Program
Zhaga Consortium
UL Standards Technical Panel for UL 8750 and UL 1598C
